Join your colleagues, fellow researchers and community members at this exciting Collaborative Symposium hosted by the Cottage Research Institute.

Clinicians, healthcare providers, fellows, residents, faculty, staff and post docs are warmly invited to attend.

This year's theme is Women's Health across the lifespan. The 2026 Symposium will include a national keynote speaker, panel discussion, flash presentations, poster session and highlighted community partners. Plus, plenty of time for networking.

### KEYNOTE SPEAKER

Carolee Lee, Founder,  
Women's Health Access Matters  
(WHAM)
